

Introduction: Adrian Dixon

Director of Chaplain Services at Duke Raleigh is Rev. Adrian Dixon. Duke Raleigh Hospital is beginning a program called “No one dies alone”. Apparently some hospitals have this already. Patients that have no family and have 72 or less hours to live are assigned people to visit them in 3 hour shifts 24 hours a day to read or talk to them or just sit with them quietly. These patients will be unresponsive probably but can still hear voices in their room.
